

# *Synopsis On*

**<Title of Thesis Work>**

*Submitted by*  
**<Student's Name>**

*For the award of the degree*

*Of*

**<Course Name>**  
**(Computer Science)**

*Under Supervision of*  
**<Guide Name, Designation, Organization name and address>**

## **1. Introduction**

- It will contain the Introduction about the area in which you are doing your research.
- 1 – 2 pages.

## **2. Literature Review**

- It will contain the overview of all research papers that you have gone through for pursuing the research.
- 1-2 pages

## **3. Motivation/Justification and Relevance**

- Specify the reasons “Why are you pursuing the reasons?”
- 1 – 1.5 page

## **4. Objectives**

- List the point wise all the objectives of your research precisely.
- 1 page

## **5. Methodology**

- Specify the methodology that you were follow from starting, like data collection, data preprocessing etc.
- 1 page

## **6. Tools and Techniques**

- All the algorithms, formulas etc.
- All the software tools if any.
- 1 – 1.5 pages.

## **7. Expected Outcome of the Research**

- What results do you expect from the research.
- 1 page

## **8. Work Plan**

- Time bound plan for all project activities.
- 1 Page

## **9. References**

- List of reference in IEEE format

## **PAGE DIMENSIONS AND MARGIN:**

The synopsis should have the following page margins:

Top edge	:	1” (inch)
Bottom edge	:	1” (inch)
Left side	:	1.5”(inch)
Right side	:	1.25”(inch)

## **TYPING INSTRUCTIONS**

### **General**

Font Style: Times New Roman

Font Size: Heading – 14  
Subheading & running Text – 12

Line Spacing: 1.5
